

Ideation Phase

Brainstorm & Idea Prioritization Template

Date	2 October 2026
Team ID	6ab8b403c23107aaaa72d105 (Team 23)
Project Name	Auto Ticket Classification using Flow Designer
Maximum Marks	4 Marks

Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

Team 23 reviewed the school helpdesk complaint patterns (Wi-Fi outages, projector failures, password resets, slow systems) and selected the problem statement: 'Automate ticket categorization at creation time so every School IT Ticket is routed correctly without manual effort, and the caller is informed instantly.'

Step-1: Team Gathering, Collaboration and Select the Problem Statement

Brainstorm & idea prioritization

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

 10 minutes to prepare
 1 hour to collaborate
 2-8 people recommended

 **Before you collaborate**
A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

 10 minutes

A Team gathering
Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

B Set the goal
Think about the problem you'll be focusing on solving in the brainstorming session.

C Learn how to use the facilitation tools
Use the Facilitation Superpowers to run a happy and productive session.

1
Define your problem statement
What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

 5 minutes

PROBLEM

How might we [your problem statement]?

Key rules of brainstorming
To run a smooth and productive session

-  Stay in topic.
-  Encourage wild ideas.
-  Defer judgment.
-  Listen to others.
-  Go for volume.
-  If possible, be visual.

Ideas listed and grouped - Automation: keyword classification with Flow Designer; ML/Predictive Intelligence categorization; chatbot intake. Data quality: dependent Category-Subcategory lists; auto-numbering (SCH); structured form. Communication: instant email acknowledgment to the caller. Future scope: SLA tracking, auto-assignment, self-service knowledge articles.

Step-2: Brainstorm, Idea Listing and Grouping

2

Brainstorm

Write down any ideas that come to mind that address your problem statement.

10 minutes

TIP

You can select a sticky note and hit the pencil (switch to sketch) icon to start drawing!

3

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. In the last 10 minutes, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups.

20 minutes

Person 4

TIP

Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.

Prioritized (Impact vs Effort): SELECTED - keyword classification with Flow Designer (High/Low, no-code), dependent choice lists + auto-numbering (Medium/Low), caller email acknowledgment (Medium/Low). DEFERRED - Predictive Intelligence (High/High, needs training data), chatbot intake and SLA auto-assignment (Medium/High). Selected ideas were built and verified on 5 live tickets (SCH0001002-1006, all classified correctly) - SkillWallet project progress 90%.

Step-3: Idea Prioritization

4

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.
